STUDIO.sg Standing office mode, healthy working environment, can make the whole body blood circulation. Keep the brain awake and realize the office space function of high efficiency and pleasure.

Smart lift, pleasant office, stand-up office mode, healthy and efficient work.

Flexible combination mode, a variety of forms of choice, rich color combination, so that physical and mental health can be effectively developed.

FLEXIBLE MODULE HEALTH

Dynamic Space , Enjoyable Office
Come here and give the office space to someone who knows you.

THIS PRODUCT IS GREAT FOR

- ✓ Ascending and descending
- ✓ Efficiency
- ✓ Healthy
- ✓ Motion

Fit single station configuration will prevent the fallback safety system. During the descent process, it will automatically stop and reverse when encountering obstacles within 2cm range, effectively avoiding the possibility of danger.

Knocking lifting, we abandon the ordinary handle to control the lifting, and can control the lifting height by knocking on the panel. The automatic leveling function means that when the lifting column detects that the legs of the table are not on the same horizontal line, the height of the table legs can be quickly adjusted through the adaptive function to restore the water level of the table.
